Blair, Nebraska

ABOUT JACK PHILLIPS

Jack Phillips, a Registered Consulting Arborist, specializes in tree preservation with a special interest in oaks. He consults for preservation projects and gives presentations throughout the country. He is currently the consulting arborist for the Midtown Crossing development in Omaha and the curator of Prospect Hill Arboretum, a Nebraska Statewide Arboretum affiliate site. He coordinates Tree Function and Education seminars with the U.S. Forest Service in New Hampshire and his series titled "The Soul of a Tree" was featured in Tree Care Industry Magazine in 2006. For more information, see www.consultingarborist.org.
